

Setting your team goal

Fill in your team name:

You are a football team. What is your aim for the next season? Is it simply to enjoy your football, or do you have bigger dreams than that?

How are you going to achieve it? For example, if you want to win the league are you going to train more often? If you want to make friends are you going to organise more team events? Think carefully...

Now present your ideas back to the group in whatever way you want to.
