INDIVIDUAL HOMEWORK PROGRAMME

Individual Homework Programme

Developing the individual : the exercises are a simple process – with high focus & repetition and limited equipment required – football, cone(s)/object(s) and a wall.

Break your learning into small ‘bite sized chunks’ and allow yourself time to process information. Using a simple format will enhance your focus and ability to improve on the following areas;

- Receives *“Receiving skills and the ability to twist and turn are essential to out-playing your direct opponent.”*
- Releases *“Behind every kick of the ball there has to be a thought.”*
- Risks *“Players who can win alone or in combination with teammates.”*
- Retains *“To stay on the ball under pressure, twist & turn to unlock or retain.”*
- Runs *“It isn’t the player on the ball who decides where the ball goes, but the players without the ball. Their running actions determine the next pass.”*
